

SOLYX® Glass Finishes SX-1920 Removable - Construction White

SOLYX: Construction White Removable Film

Product Details

SOLYX® SX-1920 Construction White - This is a flexible opaque white vinyl film coated with a removable pressure sensitive acrylic adhesive and backed with an ultra smooth clear polyester release liner.

NOTE:

Application environments and certain surfaces such as vinyl, glass, acrylic, styrene, and polycarbonate can cause increased adhesion and adhesive transfer. We recommend that all surfaces be tested for compatibility and removability.

Durability

OUTDOOR: 2-5 years based on vertical exposure and depending on magnitude of UV exposure

INDOOR: 10 years

Installation and Warranty

Installation

Installation should be in accordance with manufacturer's installation instructions.

Warranty

This SOLYX® product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See warranty information for specific details.
